

Call for Volunteers

As the Coronavirus (COVID-19) situation evolves, it is important to note the increased need of volunteers to help us serve the hungry through our five member food banks.

We fully anticipate an increase in the number of food-insecure individuals we serve in Louisiana.

We need volunteers to continue our regular food distribution, as well as any potential increased demand for emergency food. We are committed to the well-being of our volunteers, staff and clients; therefore, we ask that you please consider staying home if you are high risk. Precautions will be taken regarding group size and number of volunteers.

If you are healthy and willing to volunteer, please refer below for contact information for volunteering:
