

**Points of Contact submitting an “Intent to Apply” email for CSoC Implementation**

**Please note: The purpose of the posting of this list is for regional stakeholders to have the information needed to identify and contact each other in order to work toward a single collaborative application on behalf of their region. The roles indicated by notifiers were not included in this posting, as to not imply endorsement or acceptance of designation of the FSO or WAA agency in a region. It is expected that these decisions on roles will be made collaboratively by the regional stakeholder network, with active family participation.**

**Some notifiers did not specify a region, or specified a region that did not align with the parishes they listed to serve. In those cases, we did our best to assign the notifier to the correct region. However, if a notifier was placed in the wrong region on this list, it is expected that the notifier will contact the stakeholders listed here in the correct region to collaborate.**

**These notices of intent are non-binding; further, those who did not submit a notice of intent will not be prohibited from participating.**
