# NO PLACE TO TURN?

## LOUISIANA'S SAFE HAVEN LAW

It's a safe, legal and anonymous last resort to abandonment for you and your newborn.

Choose a Safe Haven.

## SAFE BABY SITE

## IT'S SAFE

If you are considering abandoning your baby and feel you have no other option, Louisiana's Safe Haven Law offers a safe place for your child. You can bring your newborn (up to 60 days old, or if your baby is in a neonatal intensive care unit (NICU) and has not been discharged yet, the 60 days start from the discharge date) to a designated emergency facility or Safe Haven site. These sites are staffed 24/7, every day of the year. If you cannot transport your baby to a site, you may also call 911. By leaving your baby in the care of an employee at a Safe Haven site or designated emergency facility, you can safely relinquish your baby for the purpose of adoption with no questions asked.

Parents are encouraged to use a planned, permanent adoption through an adoption agency that accounts for medical and genetic history. **Safe Haven** relinquishments do, however, provide an alternative to abandonment.

The Safe Haven Hotline can provide information and support regarding this process.

## IT'S LEGAL

Employees at designated **Safe Haven** sites are trained to keep a newborn safe and the situation confidential.

As long as the parent leaves their baby with an employee and the baby has not been abused or neglected, the parent can simply walk away knowing their baby will be safe.

Leaving a baby unattended, on a doorstep or in a bathroom, for instance, is illegal and will not meet the criteria of the **Safe Haven** Law.

## IT'S ANONYMOUS

Parents do not have to give their name or any other information. Parents can call **1-888-510-BABY (1-888-510-2229)** to learn about their parental rights or anonymously give medical information about their baby to be used for adoption purposes.

*DCFS Child Abuse/Neglect Hotline can also be reached, if necessary, at 1-855-4LA-KIDS (1-855-452-5437).*

## HOW IT WORKS

1. Go to the nearest **Safe Haven** facility or call 911. A listing of all sites can be found at [WWW.DCFS.LA/HAVEN](http://WWW.DCFS.LA/HAVEN).
2. Give the baby to an employee at the facility. If there is no employee present at the site, the parent can contact 911. Parents should state that they want to use the Safe Haven Law.
3. If a parent is unable to travel to a Safe Haven facility, he or she may call 911, and a law enforcement officer, firefighter and/or EMS provider will be dispatched, confirm the Safe Haven relinquishment and transport the newborn to a hospital.
4. An employee of the facility or the dispatched emergency responder will offer the parent a card with a toll-free number to call 1-888-510-BABY(1-888-510-2229) or text SAFEHAVEN to 313131 to give medical information about the baby or learn about parental rights.

## WHAT HAPPENS TO THE BABY?

The baby will be brought to the nearest medical facility for a health assessment and to receive any necessary medical care. The Department of Children and Family Services (DCFS) will find a family to care for the baby. DCFS will begin proceedings to obtain custody of the child to achieve safety and permanency.

## WHAT HAPPENS TO THE PARENT?

As long as the baby has not been abused or neglected, the parent will be protected by the Safe Haven Law and will not be considered guilty of a criminal act of neglect, abandonment or child cruelty.

## WHAT IF THE PARENT CHANGES HIS/HER MIND?

The parent can seek to reclaim parental rights within 30 days by contacting their local DCFS office.
