Subject: Welcome to HomeReady - Your New Foster Care Portal

Dear Foster Care Providers,

We are excited to announce that HomeReady, Louisiana's new online portal for kinship and foster caregivers, is now live! This new tool has been designed specifically for you to make it easier to manage your certification, stay connected with Louisiana DCFS, and keep important documents organized and secure.

What You Can Do on HomeReady:

- Complete forms and upload required documents
- Track your certification status and upcoming requirements
- Access resources and information about foster care certification

We encourage you to log in to HomeReady and begin uploading important documents, such as training certificates, medical records, background clearances, and other required materials. Having these documents in the system now will help ensure you are fully prepared and ready as your recertification date approaches.

Your certification worker will be checking in with you soon to make sure you have been able to log in successfully and to answer any questions you may have about using HomeReady.

Thank you for your continued service to Louisiana's children and families. We appreciate your partnership and look forward to supporting you through this new platform.

Secretary Rebecca Harris, Louisiana Department of Children and Family Services
